As a paying subscriber to XM Radio I believe it is my right to receive all of the services I have contracted to receive, this includes 24 hour a day traffic and weather updates. I subscribed to XM Radio because of my dissatisfaction with "commercial radio." I decided that you get what you pay for, I was paying nothing and when I changed that the services I received changed. It should not be up to the National Association of Broadcasters to dictate what I am permitted to listen to, particularly when I'm PAYING for these services. I respectfully urge you to reject NAB's petition 04-160.
